

PRESS RELEASE

FOR IMMEDIATE RELEASE

The Most Advanced Laundry Management System by The Laundry Club of Singapore

This year, the Laundry Club of Singapore will introduce the most advanced laundry management system incorporating RFID, cloud and App technologies to streamline business processes and provide timely information for both business owners and customers.

With the help of RFID tech, laundry items will be tagged and tracked from the moment of drop-off, through washing and collection. This provides peace of mind to customers as it will prevent misplaced items while in transit.

For business owners, this powerful and easy-to-use laundry management system plus will allow The Laundry Club's franchisees to operate their dry cleaning business more efficiently and effectively.

The good news is, this laundry management system plus The Laundry Club's years of laundry expertise will now be available for franchise in countries such as the Philippines, Indonesia and Malaysia, as a start.

Future expansion plans include countries such as Japan, South Korea and the rest of Southeast Asia.

The Laundry Club Pte Ltd is a professional linen cleaning company which has been dedicated to providing the best quality laundry and dry cleaning service for over 21 years. The company operates 12 conveniently located outlets plus home delivery service in beautiful, sunny Singapore.

It is also the only dry cleaning company accredited by the Consumer Association of Singapore (CaseTrust).
